

Jerry L. Dixon

Libertarian Party candidate for:

Board Member of the California Board of Equalization, Third District, which includes the counties of San Diego, Imperial, Orange, Riverside, and portions of Los Angeles and San Bernardino Counties.

Board Member information is at: <http://boe.ca.gov/members/board.htm>. "The board's five members serve concurrent four-year terms as the nation's only elected tax commission. Their popular election ensures that the Board's tax program administration remains directly accountable to the people"

I have been a tax preparer since the 1980's and became licensed as a California Certified Public Accountant in April 2000. In January 2001, I purchased the CPA firm that I had been working for, and still own and operate the business with many clients throughout southern California, and some in other states, providing tax related services of all types.

In my experience, I have learned all too well, the excessive and unnecessary complications in California tax law, gross inequities in fairness between taxpayers, and frustrations that taxpayers have in dealing with the state tax departments. I would like to see California taxes simplified as much as possible, more logical and reasonable, and collection be more humanitarian. This is why I have decided to run for election to the board. I want to be the peoples' representative more so than the state's. I want to respect your interests, when you come to the board to present your case, and ask for assistance, relief and consideration of your claims.

My contact information is below, please let me know what your concerns are.
